

# EVSC-200A

## Portable European Standard DC Pile Tester

### Features

- SLAC
- Initialisation
- Cable Check
- Precharge
- Current Demon
- Welding Detection
- Session Stop

### Parameters

#### Battery System Specifications

Model	EVSC-2000-CCS2	EVSE-2000-GB/T
Measured Input	Single Gun, 200A	Single Gun, 250A
Operating Power		85~260VAC
Maximum Voltage		0~1000V
Maximum Current	0~200A	0~250A
Load Connection Mode		Connection via red and black ports DC+, DC-
Operating Temperature		-20°C ~ +50°C
Storage Temperature		-30°C ~ +70°C
Relative Humidity		5% ~ 90%
IP Protection Rating		IP20
Internal communication methods	PLC carrier communication	CAN BUS
Internal communications protocol		HOME_PLUG GREEN PHY
External communication interface	RS232	RS485、USB
Weights	30kg	22.6kg
Size		Approx: W630mm*D480mm*H300mm
Case Color		Black
Display mode		10-inch touch screen
Protective function		Ground protection, emergency stop protection
